

BELVEDERE - BV150 /BV120 PLAY TOWER.

Your children could imagine they are on top of a mountain or standing on the deck of a pirate ship enjoying the wide panoramic views from this original looking climbing frame. The sloping structure gives the Belvedere its distinctive look with an integrated climbing wall on the side (could be a mountain!).

Both the entry ladder and the exit slide are positioned at the front which is an ideal set up for the smaller garden.

The Belvedere is available in two sizes.

BV150 - Platform height of 1.5 metre with choice of Green, Blue or Red 2.9 metre slide.

BV120 - Platform height of 1.2 metre with choice of Green, Blue or Red 2.28 metre slide.

Item: The Belvedere - BV150/BV120 Tower with REX slide.
